

„PLAYING WITH THE BLACK GOLD QUICKLY BECAME A PASSION THAT HENCEFORTH DOMINATED HIS LIFE”

DJ Steve Supreme from Supremus Sounds – one of the most successful DJ’s of Switzerland and his label. How everything started? With the West Indies, his elder sister and the video “Thriller” from Michael Jackson.

It’s the year 1983. At the age of 5, little Steve was sitting excitedly in front of the TV with his elder sister, also a huge fan of music, watching the first music videos on MTV. Which video impressed him the most back then? Definitely “Thriller” from Michael Jackson! But MTV wasn’t the only influence on Supreme. His father, who comes from the West Indies, also brought music in the life of his children by playing the guitar. At the age of 15, Steve laid the foundation for his career by importing two record player of the brand “Technics” from the USA. Together with his friends he started experimenting and practicing. “When you are trying to lay one beat on top of another and they match for the first time, you get a great feeling of success.” Playing with the black gold quickly became a passion that henceforth dominated his life. Today, DJ Steve Supreme is one of the most popular DJ’s of Switzerland. His specialties are his technical skills and playing open format: Hip Hop, R’n’B, Disco, House, Electro and Rock – everything danceable gets played! Each set is individually adapted to the crowd he’s playing for. Steve’s success can’t be stopped by the borders of Switzerland but reaches far beyond. He has already played in the biggest jetset clubs of NY, Las Vegas, Miami and Ibiza - like his slogan: Sky is the limit!

But Steve Supreme is not only a club-DJ. He also operates his own DJ-Label together with the agency Supremus Sounds and had his own show at the Swiss radio station Radio 105 and the German radio station BM Radio Deutschland. On top Steve acts as a producer and has already released a couple of CDs in cooperation with Universal Music Switzerland, he is a versatile Music and Beat Producer of which you will hear more in the future, because Music is what keeps him moving.

How did DJ Steve Supreme get that far? Since he first started making music, he strongly believed that he would once play in the USA. His vision, his faith in himself and mainly his passion for the art of being a DJ helped him come into his own.
